ELECT DEBO POWERS

Every Montana child deserves a Quality Public Education! **We need to...**

- 1. Change the State Funding Formula for Schools.** The Funding Formula is broken and has not kept pace with inflation leaving schools with chronic budget shortfalls. Public schools should not have to rely so much on property taxes and school levies.
- 2. Recruit and Retain Quality Teachers.** Montana has the lowest starting teacher salaries in the entire nation and there are hundreds of vacancies across the state. To have quality education, we need qualified teachers who are paid a decent salary for the hard work they do.
- 3. Support Public School Infrastructure.** There should be a special allocation from the state for school buildings and the necessary technology needed for a quality education.
- 4. Uphold the Montana Constitution.** The Legislature has a constitutional duty to provide a quality public education for every child in Montana.

DEBO POWERS worked in public schools for 34 years as a teacher and a principal. She understands what it takes to provide quality education for all our children.
